

To all of my clients, co-workers, associates, suppliers, friends and family:

After more than 20 years and many incredible experiences and opportunities, being involved in the creative process of bringing living spaces into updated spaces, reflecting your dreams, I will be winding things down a few notches at Dzignit, to a consultation based business as of March 31, 2013.

It is time for me to take a break and spend some extra time with my husband, who is retiring. For a few months; approximately April through September of 2013, Lou and I will be traveling. Upon my return from this sabbatical, I will no longer be working on full plan sets for construction and permit submittal for remodels or additions. I will be available for consultations on a limited basis upon request.

I want to take this opportunity to personally thank all of you for the years of support and the amazing opportunities you have given me to stretch my creative side and see the outcome of all of our visions together for your homes and projects. I also want to send out a special Thank You to my children; Alexander and Jessica for your incredible patience and support of Dzignit during the majority of your lives. Without the motivation derived from my responsibility of raising you, I may not have pushed myself to build Dzignit into the successful and award winning company it has become.

While I look forward to a new and exciting chapter in my life, it is an emotional time for me and I will miss the many personal and professional relationships that I have been fortunate to have developed on behalf of Dzignit (which seems to be an entity unto itself☺).

If there is any information from a project I have worked on for or with you that you would like to have in hand, please let me know and I will make arrangements to get it to you; if not before April 2013, then upon my return.

While coming to this decision, I have made arrangements with other associates to connect you with when and if you have further design service needs in the future, either for yourself or your friends. Any one of these professionals, I believe, will take great care of you and your homes. I am including their contact information below.

Thank you once again for all of the enrichment you have brought to my life.

Warmest wishes to all,

Patrice-Greene-Haggerty
